## **MAYNE MAPS – TOURIST MAPS**

Mayne Maps has produced a wide range of Tourist Maps.

Tourist maps can be made interactive and you are invited to view the Interactive Tab on this webs site.

Alan produces Tourist Maps very economically using data from a multitude of sources.

The cost of a Map depends on the amount of work required but some of these samples were only a few hundred dollars.

Alan charges only for the production of the map, there are no ongoing charges for using the map.

The map belongs to the venue and they may do with it as they wish.

The map may be placed on the web site. It may be printed by the venue or by a professional printer of the venues choice.

The map may also be printed on large display or poster prints for display in the venue. It may also be used to enhance the venue or the produce made by the venue.

Alan suggests that you find a map from the samples similar to your requirements. Give him a call and he will provide a quote.
